

Monday 11th May

So as I mentioned last week, this week would have been a very special week for us in Year 6- you would have been sitting your SATs! I know that for some of you, a silver lining of Covid-19 is the fact that SATs have been cancelled and you're over the moon about it! I also know that there are some of you who are disappointed that they've been cancelled. You've all worked so hard all year and have now missed out on the opportunity to demonstrate all of your learning and amazingness (although I already know how amazing you all are).

Either way, I didn't think we could let this week go by without acknowledging it and so instead of SATs week, this week is going to be....

SILLY SATs week! Each day I will give you a SATs test, as you would have had, but these are some silly ones to hopefully make you laugh! I still want you to have a go at them and share your work on Seesaw. I hope you enjoy it; don't take them too seriously! Each day will be a silly SATs and a Disney themed activity.

Silly SATs: Grammar, punctuation & spelling

Paper 1: Questions

So I have had a go at this paper...please can you mark it for me?

Paper 2: Spellings

I will read the spelling script out and have attached the pages that would you write in. In the afternoon, I will release how you should have spelt them so you can mark them.

Disney fun!

So, as you all know, I love Disney! And as it's Silly SATs week, I thought this would be a nice project to work on over the week. Below, see attached a table full of activities, each linked to a particular Disney film. I want you to pick at least ONE film (you can do as many of them as you want though) and today please do the **ENGLISH** lesson. For example, if you have picked to do Beauty and the Beast, for today's lesson you would write a set of instructions of how to grow a rose.

I have also found a Harry Potter escape room if you want to have a go at it! It's quite tricky but a bit of fun ☺

	Aladdin	Lion King	Beauty and the Beast	The Little Mermaid	Dumbo
Geography	<p>What country is the movie set in? What is the climate like? What language is spoken? Where did the tale originally come from? What is the terrain like? How does this terrain differ from yours? Name all the different terrains in the world and label a world map on where they can be found.</p>	<p>What continent is the movie set in? What oceans/seas are surrounding this continent? Draw the continent outline and research the countries within. Add these to your map.</p>	<p>Which country/continent is this movie set in? Belle lives in a small town, what services are available in this town? How are these services different to what you have in your town? How are they similar?</p>	<p>Ariel lives in the ocean however is fascinated with land and eventually brings both communities together. Draw a world map of all the oceans/seas. Plot a route Prince Eric to travel along. Choose a location for Atlantica (Ariel's home). Why have you chosen these locations?</p>	<p>Dumbo is set in USA and travels through many states. Research a selection of these states and create a fact file to include climate, population, religion, exports/imports, leisure.</p>
Science	<p>Space Aladdin spends most of his time staring into the night sky or towards the palace. Although he doesn't always see the same stars, as they seem to move. Do the stars move? Research planets and how they move within the solar system.</p>	<p>Life cycles and Food chains Choose an animal from the movie and draw a life cycle poster. Design and draw a comic strip showing the food chain for the same animal.</p>	<p>Plants The rose is an essential part to the movie. What are the different parts to the rose? Can you label each one? Have a go at drawing one and label each part. How do they reproduce? What is needed to stay alive?</p>	<p>Materials and Properties Materials have different properties and purposes. What would the best material be for Eric's ship? Experiment using different materials.</p>	<p>Forces What forces would be acting upon the magic carpet? What would the most effective shape be for the magic carpet? Why? Experiment using different shapes. Dumbo uses a magic feather to soar through the sky.</p>
ENGLISH -----→	<p>Setting description Choose from the following settings: Market, Cave of wonders, Sultan's Palace.</p>	<p>Narrative with dialogue Write a side story linked to Timone and Pumba.</p>	<p>Instructions How to grow a rose.</p>	<p>Persuasive Should Ariel be allowed to live on the land?</p>	<p>Discussion text Should animals be kept in a circus?</p>
Languages/ Food Tech/ D&T /Art	<p>Draw the palace during sunset.</p>	<p>Design and make puppets to retell the story.</p>	<p>Create a traditional recipe from the country/ learn the names of the ingredients in that language.</p>	<p>Create a collage of an underwater scene from the movie.</p>	<p>Design and create a circus tent. Consider most effective materials and shape.</p>
