

Natural Art

Ash Class have been exploring the wonders of natural art! The children enjoyed experimenting with squashed berries to create their own colourful paintings, discovering how natural materials can be used to make beautiful marks and patterns. They also explored tie-dye techniques, creating lovely purple patterns on fabric. The children were delighted to see how their materials transformed into unique pieces of artwork, expressing their creativity and curiosity through hands-on exploration. What a wonderful way to get creative with nature!
