

Art/D&T

We'll continue working on our sketching pieces before developing our knowledge of collage artwork.

Science

Out topic this half-term is *Evolution*. We'll be discussing how species adapt to their environment through variations and how we can study these adaptations through fossil records.

History

In our history lessons this half term, we'll be learning about World War 2. We'll study the events leading up the war, how the battles affected Britain and how the war came to an end.

Music

In this unit, children will be learning about the technology, structure and form of classical and modern music.

Maths

In maths, we'll continue to learn about area and volume of shapes, before looking at statistics and geometry in preparation for our SATS.

Year 6 Curriculum Map

Summer 1

English & Reading

This half-term in English, we'll focus on developing our use of grammar, punctuation and vocabulary whilst writing a diary entry and a non-chronological report. We'll also continue to develop our reading comprehension skills by reading and discussing a range of texts.

Computing

In our Computing lessons, children will learn how computers access the internet and discover the difference between LAN and WAN in our Networks topic.

P.E.

In our P.E. lessons, we'll be developing our teamwork and understanding of the rules of football and

R.E.

In our R.E. lessons, we'll continue learning about Christianity and how Jesus 'saves' people before discussing the idea of Jesus being a 'king'.

PSHE/French

In PSHE, we'll continue learning about healthy lifestyles and drug education. In French we'll be learning vocabulary related to the planet Earth and it's countries
