Happy Easter Year 2!
Here are some Easter activities for you to have a go at over the Easter holiday. They are all optional but hopefully lots of fun. I hope you enjoy them!

Play Springo (springtime bingo!)

Draw a 3x3 grid on a piece of paper and draw a springtime picture in each box (e.g. daffodils, buds on trees, blossom, sunshine) then go for a walk around the village. When you spot one of your signs of spring cross it off on your bingo board.

Make some colourful Easter eggs using paper or card, then cut them out and ask an adult to hide them around the house. Can you find all of the eggs?

EASTER

activities

Can you solve the Easter sudoku?
(on the next slide)

Each row, column and mini grid must contain the word 'hunt'. If you find this easy have a go at the 'basket' one.

There are lots of changes to the weather during Spring. Look closely at the weather each day and keep a weather diary.

Play the alphabet game to develop your vocabulary. Choose a letter for your partner and give them 1 minute to name as many nouns as they can that begin with their letter. Award 1 point per word, then swap over choosing a different letter this time. Who can win the most points?

Practise your free hand drawing skills and learn to draw an Easter bunny using the instructions on slide 3 - can you decorate your bunny?

Make a pom pom chick
