

Community Awareness with Coalville C.A.N

We were lucky enough to speak with members of Coalville C.A.N this afternoon. We had a class discussion about ways that we can give back to our communities, helping to create friendly and active spaces for everyone to enjoy. We ended the afternoon thinking about what's missing from our local area and what we'd like to see in the future. Coalville C.A.N made a list of our ideas to potentially use in future projects.
