

Art/D&T

- We will learn about Michelangelo.
- We will use tools to carve and add shapes, texture and pattern to clay.
- We will plan a clay sculpture through drawing.
- We will transform 2D designs into a 3D model made of clay.

Science

- We will describe the movement of the Earth and other planets relative to the sun in the solar system.
- We will describe the movement of the moon relative to the Earth.
- We will describe the sun, Earth and moon as approximately spherical bodies.
- We will use the idea of the Earth's rotation to explain day and night and the apparent movement of the sun across the sky.

Geography

- We will use maps, atlases and globes to locate countries.
- We will identify and describe the geographical significance of latitude, longitude, Equator, Northern hemisphere, Southern hemisphere, the tropics of Cancer and Capricorn, Arctic and Antarctic Circle and Time Zones.
- We will use the eight points of the compass, 4 figure grid references, symbols and keys to communicate knowledge of the UK and wider world.

Music

- We will learn how to use our voice.

Maths

- We will find multiples, common multiples, factors, square numbers, cube numbers and prime numbers.
- We will multiply and divide by 10, 100 and 1000.
- We will find equivalent fractions.
- We will convert fractions from mixed numbers and improper fractions.

Computing

- We will learn to use spreadsheets.

P.E.

- We will play hockey.
- We will do fitness training.

R.E.

- We will consider what it means to be a Muslim in Britain.

Year 5 Curriculum Map Autumn 2

English

- We will write a science fiction narrative.
- We will write a journal.

PSHE/French

- We will think about working together and community.
- We will learn to speak and listen about ourselves in French.
