Weekly Spellings

The suffix cian – common in occupations.

optician

magician

politician

electrician

physician

mathematician

technician

beautician

Practise for about 10 minutes.

English

Use Chapter 2 of David Attenborough's site:

http://attenboroughsreef.com/understanding_the_reef.php

Write notes on factors that are threatening coral on the reef. Include the Crown of Thorns Starfish, acid and coral bleaching.

You may want to research what coral is first.

Maths

https://whiterosemaths.com/homelearning/year-4/

Please do Week 2 - Lesson 2 – Hundredths

P.S. To find 4/9 of 63 find 1/9 first by dividing by 9 then multiply the answer by 4. You can also use a bar model:

63								
7	7	7	7	7	7	7	7	7

To find the difference use a number line.

Reading

Read for 20 minutes. Write 4 questions with the answer from what you read. Don't forget to punctuate your questions with a capital letter and question mark.

P.E.

Please refer to the isolation games Power Point from the NWLSSP – week 2

PSHE

Scroll down to see the lesson outline.

<u>Read the following scenario:</u>

Josh has recently become a friend of Paul's. Josh is very upset with Paul because he has not been invited to his birthday treat at the local swimming pool. Paul has only been allowed to invite 5 people to his birthday treat. When Josh arrives at school he will not talk to Paul, and when Paul asks him what the matter is, Josh pushes him and shouts back that he is not a real friend because he didn't invite him to his party.

Draw a comic strip telling the story from where Josh arrives at school, and use your ideas from the green traffic light system from the previous activity to draw an alternative ending to the one you have just read.

Write down ideas about how both boys could handle this problem.
