

Homework Thursday 4th June

Your homework for the next two weeks is to create a project around your history project of 'Crime and Punishment in British History'.

Here are some examples of what you could choose to do:

- Research a famous criminal in British History
- Look at a particular period in British history and what they used to punish/deter criminals e.g in Victorian times
- Look into a particular form of punishment and find out more about the history of this e.g the gallows, hanging or transportation to convict settlements.

You may of course have a different idea of your own!

You can present your project however you choose e.g a double page spread in your homework book, a PowerPoint, a model, a game - let your imagination run free!

Homework should be in on **Thursday 18th June.**
