

Day 44 - Friday 12th June 2020

Hi FAB 5s! Happy Friday! I hope you've had a good week; here are your final tasks and challenges to finish it off so read them carefully and good luck with each one. **Remain a proud learner!**

Subject	Task	
Maths	Basic Skills 7. Time to take a break from White Rose fractions (!) to test all your other skills too. As always, read the questions carefully and do the working out! The answers are on the website.	
English	It's time for the final edit of your story (with fresh eyes). Check for punctuation, spelling and good, effective use of description/vocabulary. Have you shown good empathy? Read it out aloud to an adult to help you 'hear' where to improve it. Type it up or write it out again to make a final, neat copy. If you want to enter it into the competition, please send it to me today so I can forward it on. Please remember to read your book too, both to yourself and an adult!	
ILP - Time Traveller	Free Friday! It's that time of the week when you get to choose your own activity, either something new or something you've enjoyed doing before or want to improve. Let me know what you do and I can share it with the others. You could be just the inspiration they need!	
Physical	Go for a walk, run or bike ride. Time yourself again and see how long it takes to complete another favourite route. Write down your time so you can see if you can beat it the next time you go.	Join in with the Joe Wicks 9.00am School Workout on YouTube.
Challenge	Quiz 8. Can you solve all the number puzzles in our weekly quiz? Do it with you family, either in teams or individually if you like. Answers tomorrow.	

Good luck, enjoy and stay safe!
