

## Art/D&T

We'll develop our drawing skills whilst using different methods to consider perspective in our artwork.

## Science

Our topic this half-term is *Light*. We'll be discussing how light travels in a straight line from a light source and reflects from objects into our eyes. We'll also discuss the spectrum of lights and explore the meaning of refraction.

## Geography

In our geography lessons this half term, we'll be learning about sustainability. We'll look the harm that plastic can cause and discuss ways that our school can reduce its plastic waste.

## Music

In this unit, children will be learning about the technology, structure and form of classical and modern music.

## Maths

In maths, we'll continue to learn about decimal places and learn to find equivalent examples of decimals, fractions, and percentages. We'll also begin to look at area and volume.

## Computing

In our Computing lessons, children will learn how computers access the internet and discover the difference between LAN and WAN in our Networks topic.

## P.E.

In our P.E. lessons, we'll be developing our coordination, balance and teamwork whilst learning about dance and volleyball.

# Year 6 Curriculum

## Map Spring 2

## English & Reading

This half-term in English, we'll focus on developing our use of grammar, punctuation and vocabulary whilst writing a set of instructions. We'll also continue to develop our reading comprehension skills by reading and discussing a range of texts.

## R.E.

In our R.E. lessons, we'll continue learning about Hinduism before beginning our topic in Christianity and how Jesus 'saves' people.

## PSHE/French

In PSHE, we'll continue learning about healthy lifestyles and drug education. In French we'll be learning vocabulary related to the planet Earth and its countries.
