**WOODSTONE NEWS**

APRIL 2019 (Newsletter 10 2018 – 2019)

**RED NOSE THANKS** – Thank you very much for your generosity in our recent Red Nose charity day. We raised £232.

Don't forget to put your clocks forward this Saturday night

**FORTNITE – A PARENTS GUIDE**

Keeping children safe is of paramount importance to us all. However, these days it's difficult to keep up with online developments. In future newsletters we will include articles which parents might find useful. We start today with a few snippets of information about **Fortnite** – Battle Royale. For the full article go to: <https://www.saferinternet.org.uk/blog/parents-guide-fortnite-battle-royale>

What age rating is **Fortnite**? **Fortnite** has a **PEGI rating of 12**, PEGI have said this is due to the: *'frequent scenes of mild violence. It is not suitable for persons under 12 years of age'*. This PEGI rating only takes into account the content in the game and not the contact element, where players may be exposed to swearing and offensive language from strangers in voice or on-screen text chat.
