

### Day 30 - Monday 18<sup>th</sup> May 2020

Hi FAB 5s! I hope you had a good weekend and are all still fit and well. Here are the tasks and challenges for today so read them carefully and try your best with each one. Answers to last week's Basic Skills and quiz are on the website.

**Remain a proud learner!**

Subject	Task	
Maths	Summer term, Week 3 (w/c 4 <sup>th</sup> May), <b>Lesson 1 - Multiply 2-digit numbers</b> . We've worked on multiplying by 1 digit so now it's time to move on to 2 digit, eg $247 \times 12$ . Watch the videos carefully and try your best with the activities. Remember to mark your work. <a href="https://whiterosemaths.com/homelearning/year-5/">https://whiterosemaths.com/homelearning/year-5/</a>	
English	Spelling. Today you are revising and perfecting the use of some key <b>homophones</b> . I'd like you to write a definition for each one and then use them all <b>CORRECTLY</b> at least once in a paragraph. Think very carefully because they are words that catch a lot of you out a lot of the time. Ask someone to check your paragraph for you. Do they know the correct way to use each word? Here they are: <b>there, their, they're, which, witch, where, wear, your</b> and <b>you're</b> .	
ILP - Beast Creator	Investigate which flowers and herbs attract which minibeasts. Do you have any of them in your garden or near to where you live? Do you want the minibeast to be attracted to them? Why or why not? Try to find a selection of beneficial 'visitors' and some 'keep out' ones too.	
Physical	Isolation Games week 5. Pick an activity and give it your best shot. Challenge yourself to achieve sporting greatness!	Join in with the Joe Wicks 9.00am School workout.
Challenge	Help with jobs around the house. How many brownie points can you earn today?	

Good luck, enjoy and stay safe!
