

## Art/D&T

During this half-term, we'll develop our painting skills whilst creating a piece inspired by Salvador Dali

## Science

In Science, we'll be learning about Electricity. We'll look at how to accurately draw and build a circuit, we'll also discuss how voltage can affect electrical components.

## Geography

We'll be comparing the East Midlands and The U.K. with North America. We'll look in detail at the geographical features of the USA

## Music

In this unit, children will be listening to a range of music with varying time signatures.

## Maths

In maths, we'll continue to use our knowledge of the four operations to solve problems and begin to work with fractions to answer a range of questions.

## Computing

During our Computing lessons, we'll be continuing to work with spreadsheets and looking at how to create our own blog.

## P.E.

In our P.E. lessons, we'll be learning about the benefits of exercise and developing our fitness with circuit training and playing dodgeball.

# Year 6 Curriculum

## Map

## Autumn 2

## English & Reading

This half-term in English, we'll focus on developing our grammatical knowledge and vocabulary whilst learning about modern poetry, rap, and horror stories. We'll also continue to develop our reading comprehension skills by reading and discussing a range of texts.

## R.E.

In our R.E. lessons, we'll look at different religions in the UK and discuss why some people believe in God whilst others choose not to.

## PSHE/French

In PSHE we'll discuss how we can work together and celebrate diversity. In French we'll be learning how to go shopping in French.
