

## Day 16 - Monday 27<sup>th</sup> April 2020

Hi Fab 5's! I hope you all had a great weekend and enjoyed some more fun in the sun with your family. Here are the tasks and challenges for today so good luck and enjoy! **Remain a proud learner!**

Subject	Task	
Maths	This week you are going to use the 'White Rose' Maths video resources and worksheets to revise and learn more about decimals and fractions. Today, you need to log onto the link below, open <b>Week 1</b> (not 27 <sup>th</sup> April) and do <b>Lesson 1 - Decimals up to 2 decimal places</b> . You will find it easier if you can print out the worksheets but just use your book if you don't have access to a printer. The answers are provided for you on the tab under the worksheets. Enjoy! <a href="https://whiterosemaths.com/homelearning/year-5/">https://whiterosemaths.com/homelearning/year-5/</a>	
English	<b>Synonyms</b> - words which mean the same as another word. They are good to know because they improve your understanding of the English language and help to make your writing more varied and interesting to read. A win-win! Find synonyms for the following words and then write sentences with both the original and a synonym in: <b>smelly, scary, jealous, clever, hungry, quiet, deep, lonely</b> . Read to yourself for at least 15 minutes and to an adult for 10 minutes. Discuss as always.	
Miscellaneous	Design your own fantasy bedroom! What would you have in there if it were completely up to you? What would you decorate the walls, floor and your bed with? Would there be any secret hidey-holes or escape routes other than the main door? The possibilities are endless so let your imagination run!	
Physical	Yesterday was 'Challenge 2.6' day to compensate for the postponement of the London Marathon. I walked for 2.6 miles. What could you do that is based on the numbers 2.6, 26 or 260? It could be time, distance or skill related. Let me know what you choose and how you get on. Good luck!	<b>Join in with the Joe Wicks 9.00am School Workout on YouTube. Everyone's doing it!</b>
<b>Challenge</b>	The young of cats are called kittens and those of pigs, piglets. Choose 10 animals and find out what their young are called. Choose animals that you don't know the answer to already.	

Good luck, enjoy and stay safe!
