Remember months of the year must start with a capital letter. Can you write the months in the correct order?

Good morning Year 2! I loved seeing the insects you created yesterday - if you didn't get chance to send yours to me yesterday please do today! Here are your tasks for Wednesday.

Maths

Today we are carrying on with our length topic, using the four operations. Practise multiplication, division, addition or subtraction (just choose one!) on 'Mental Maths Train'

<https://www.topmarks.co.uk/maths-games/mental-maths-train>.

Then have a go at w/c 27th April 'Lesson 3 - four operations with length'. You can find the lesson, worksheet and answers here

Music - signing and singing

Today we are practising using one instrument we all own - our voices! Have a look at this link and choose a song that you would like to learn.

The songs are also signed using British Sign Language.

<https://www.bbc.co.uk/teach/bring-the-noise/5-songs-in-bsl/z4q88xs/>

Have a listen then try singing along. When you have got the hang of the words, see whether you can copy any of the signs too. Can you sing and sign at the same time?!

English

Today we are going to write our story based around the butterfly video we have been working on this week. Watch the video again

<https://www.literacyshed.com/butterflies.html>

then write your story. Start with what happens in the video then carry on the story using the story map you created yesterday. Remember to try your best with your handwriting, spelling and capital letters and full stops as well as including all those adjectives we thought of on Monday.

This is our last piece of writing for our 'Wriggle and Crawl' topic - let's make it our best!

If you are looking for something new to read have a look on 'Love Reading'. There are lots of books to read or listen to for free
