The Big Joke Challenge

Year One, I would like you to use books or the internet to research some funny jokes. Choose your favourite joke and write it in your exercise book in your neatest handwriting - can you use your pre-cursive letters?

Ask someone at home to take a photo of your joke and email it to me (kelly.barnes@woodstone.leics.sch.uk).

I will then share your jokes with the children in school on Tuesday. I will video this for you to watch at home too 😊

Here's one of my favourite jokes which is very appropriate for our current 'Moon Zoom' topic:

Question: What do planets use to download music?

Answer: Neptunes!

Please send your photos of your favourite joke to me by 6pm on Monday

Let's spread some laughter!
