

Year 4 - Wednesday 13<sup>th</sup> May

### Weekly Spellings

extension

collision

confusion

exclusion

transfusion

infusion

explosion

corrosion

Practise the words in your handwriting book.

### Reading

Read for 20 minutes.

### Maths

Today I would like you to complete Summer Term Week 1 Lesson 3 - Compare decimals.

<https://whiterosemaths.com/homelearning/year-4/>

### Music - optional

Mrs Goldsworthy, our ukulele teacher, has sent us some links to musical activities that can be done without an instrument. Watch Mylene Klass then have a go at syncopation with a cup. You can just watch and learn, try the simple song clapping offbeat or try your own syncopation with a cup! Send me a video if you get good!

[https://www.youtube.com/watch?v=Xk0xIHpep\\_Q](https://www.youtube.com/watch?v=Xk0xIHpep_Q)

### English

Today I would like you to write a best copy of your notes about a bioluminescent ocean creature. Remember to turn your notes into full sentences that are grammatically correct, punctuated correctly and spell checked. You will need a title, paragraphs for each section with sub-headings and a picture (drawn or printed). You can handwrite it or type but please keep to one page.

Please send your work to the class email to be included in the final class PowerPoint.

### Art/Computing

You need to plan your artwork of your bioluminescent creature. Do one task or both if you want to.

1. If you can, make an image board of your chosen animal - copy and paste photos from the internet into word showing your animal from different viewpoints.
2. Make sketches of your animal from different angles.
