## Reception School Closure Arrangements

Dear Parents,

Here is your two week pack to help you to support your child while the school is closed. At this time of uncertainty it is important to keep as much routine as possible for the children. For this reason we ask that you please support us in encouraging your child to complete the work which has been set. To help children remain focused we would recommend breaks in between activities. There is a recommended Phonics, Maths and other activity to be completed each day.

Within your pack you will find:

- A two week timetable of activities
- A list of key online resources – this has some very important website links to help support your child further
- A number line to 10 and to 20
- Number cards (0-20)
- 2D and 3D shape lists
- A tens frame with star counters
- A dice template
- Letter formation sheet
- Playdough warm up activities
- Writing sheets
- A blank exercise book (to complete any additional work in)
- 30 Days of Lego Challenge

We have sent your child home with extra reading books so please ensure you read with your child as often as possible. Ask them questions about what they have read. Oxford Owl (<https://www.oxfordowl.co.uk/for-home/>) offers a great range of online ebooks which you may also wish to access.

There are also a number of educational websites who have temporarily made their content free for children to access from home whilst schools are closed. Please see the school website 'general learning resources' folder under the 'home learning' tab for a list of useful links. A list of some key online resources are also enclosed in this pack.

We will continue to keep you updated about the situation through the school website so please continue to check this regularly. We will also be uploading other activities and useful materials to support your child with their home learning.

We thank you for your continued support and understanding during this difficult time.

Kind regards,

Miss Pickering
