

Monday 18th May

Maths

Today I would you to have a go at an Oak National Academy maths lesson- please let me know what you think of this website! Follow this link <https://www.thenational.academy/year-6/maths/coordinates-and-shapes-to-recognise-nets-of-3-d-shapes-year-6-wk5-2> it should be Year 6 maths on recognising the nets of 3D shapes. Watch the video and have a go at the activities!

Fluent in 5: Week 6 Day 1.

English

This has not been the year that you expected! So today I would like you to write a reflective piece about how you're feeling about everything that has happened in the last couple of months.

Last week you should have done your SATs and we should now be looking forward to the rest of the summer term but unfortunately...I guess it was just not meant to be this year ☹️

Some of you have mixed emotions about it all and I get it! So for today, I would like you to write a reflective piece about how you feel about everything that has happened. It can be titled 'The tests that were written, never to be sat...!'

Express how you feel about not sitting SATs, your experiences of being in lockdown and hopes for the future. You can choose any style of writing (story, letter, diary etc.) And please be as honest as you want to be- I won't be offended!

I would love to see these on Seesaw, or email me if you'd rather only I see it.

French

Go back to <https://www.duolingo.com/> to have another practise at your French skills!

The Great Year 6 Bake Off!

A bit of fun for this week! This is NOT compulsory, but if you want to take part then great!

You have this week to bake something fantastic and send the pictures into Seesaw/email. It doesn't matter when you make it, but make sure your pictures are in by Friday 22nd May. I am going to get my mum and brother (both excellent bakers) to judge the pictures so it is fair! I will make sure there's a prize for the winner! Happy baking- I'm looking forward to seeing your creations!

Extras
