

## Spellings

(please practise these in your handwriting book)

door climb  
floor parents  
again most  
wild only  
children both

Can you put your spellings into a sentence?

Hello Year 2! I am so proud of how hard you are all working at home - keep it up this week.  
Miss Clement 😊

## Maths

Today we are focusing on 3D shapes. Remember these shapes have edges, faces and vertices. Have a look around your house and see how many different 3D shapes you can spot. Can you find a sphere, a cuboid, a cube, a cone and a cylinder around the house? Record what you find. Sort the shapes into those which have at least one vertex and those which don't. Can you sort the shapes in a different way?

## Geography

We have nearly come to the end of our 'Street Detectives' topic and to finish off I would like you to re-design Ravenstone as your 'dream' village. It can have any features you would like but try to think about making the village better for everyone. Which things would you keep the same and what would you add? Sketch and label your village plan.

## English

Do you remember when we looked at the story of 'The Clock Tower' in English a few weeks ago? We will be working on this story again this week. Watch the video here and create a story board by drawing 6 pictures to illustrate the main plot with a short caption to explain each picture

<https://www.literacyshed.com/the-clock-tower.html>

Remember to read for at least 10 minutes today.

Choose a different VIPERS focus and talk about what you have read

Can you solve this riddle?

What is full of holes but still holds water?

Thunk\* of the day

Does a dog know it is a dog?

\*A thunk is a question to make you think!
