Greek Day!

Today we had a wonderful day celebrating our work we had done last half term all about Ancient Greece. We kicked off the day with our very own Olympic Games, where in teams we competed in sprinting races, the long jump, discus throwing, javelin and chariot racing. Take a look!

We then had a go at some food tasting! We had the opportunity to try olives, feta cheese, stuffed vine leaves, pitta bread and Greek yogurt.

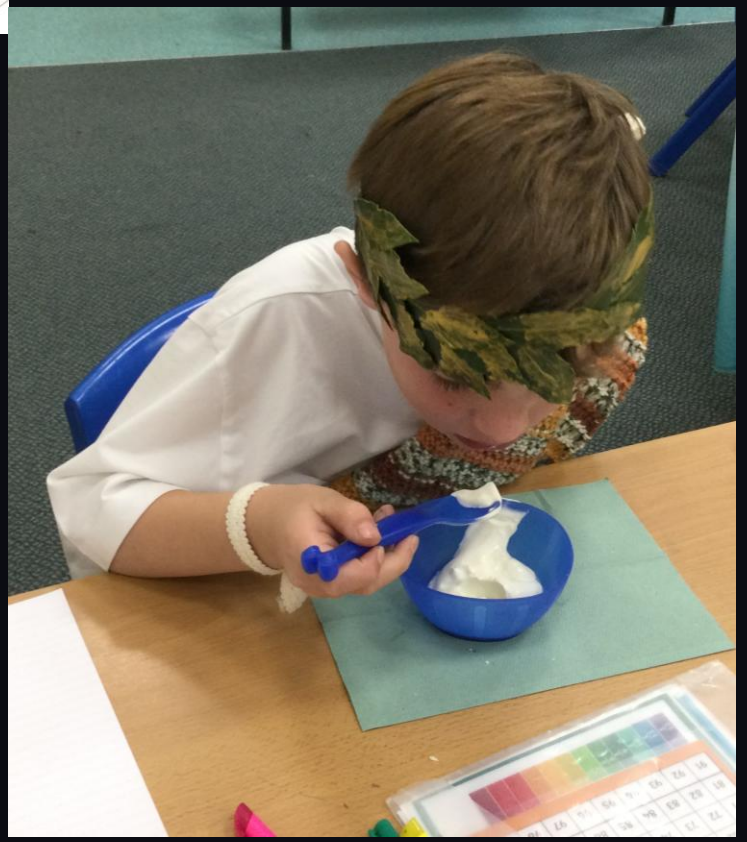

Summarise

ANCIENT
GREECE
Regular Polygons

I need to make better choices
I need some time to think about my choices

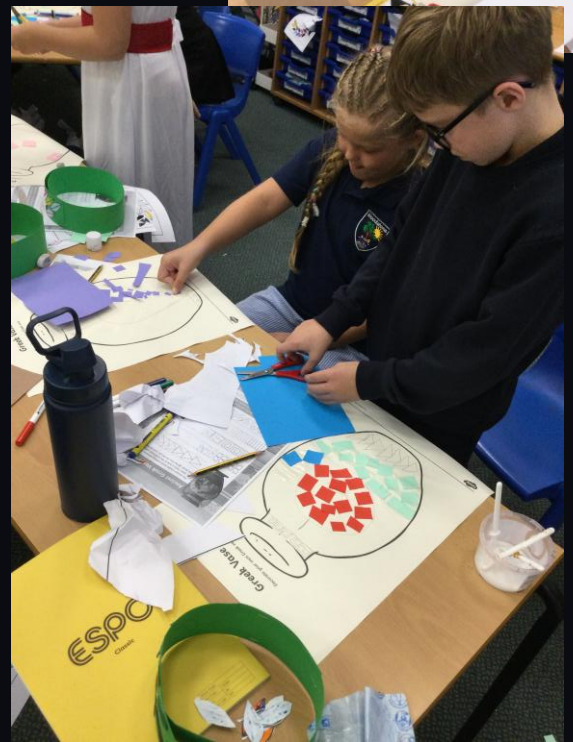

We then ended the day with some Greek mosaic art! The children practised some traditional Greek patterns and then drew them on to a pot template, followed by drawing a design to mosaic on their pots. They look amazing! What a great day Cedar Class!
