# Design a VE Day Medal

This medal celebrated the end of the First World War and was given to soldiers who had fought in active theatres of the war. It was a symbol of **great pride** but its design was also highly **symbolic**.

A rainbow symbolises the calm after the storm.

The years of the First World War – 1914-18

The colours are the combined colours of the Allied nations with red at the centre.

Winged figure is 'Victory'.

Bronze medal, not too expensive after the war, but long lasting.
