

Daily Learning Tasks

English

Read your story from yesterday.
Edit and improve then copy up a final draft to submit.

You should pay close attention to your cursive handwriting, spelling and punctuation.

If you would like a personal message from me, please record you reading your story or type it up and send it to me via email.

I am really excited to see what you have all done!

samantha.james@woodstone.leics.sch.uk

Spellings:

Copy the following words to practice handwriting and then put them into a sentence.

[appear](#), [arrive](#), [believe](#), [bicycle](#), [thought](#)

Maths

- 1) Continue to keep a daily timetable of activities. Draw clock to show times in analogue and digital. This will develop your time telling skills.
- 2) Speed write your 4 times tables. Check the answer using the chart on the home learning page. Practice any mistakes.
- 3) Use the following digits to generate 3-digit numbers, e.g. 345, 104

Once you have generated 2 numbers, add them together using a number line or the expanded column method. Make up a real-life math stories for 3 of the questions e.g. Sam weighed out 340g of sugar and 222g of flour, altogether the ingredients weighed 562g.

0	1	2	3	4
5	6	7	8	9

Compulsory Topic Task

Science

Lets take advantage of the sunny weather tomorrow!

Be a shadow detective!

Place an object outside and record how the height and width of the shadow cast by the object changes throughout the day. If you don't have a ruler, measure in non-standard units (objects of the same size e.g. 10 paperclips long)

Record on table in your learning book. An example of a table is below.

Time of day	Height of shadow	Width of shadow

Do you notice any patterns?

When is the shadow tallest?

When is it widest?

When is it smallest?

Optional Extended Task

Build your own paper mache Greek Vase.

We didn't get to finish them in class so why not make one of your own at home!

Apply the skills we have learnt already in our D&T lessons!

You will need a balloon, newspaper, glue and water, card and paint!
