

Bikeability

Oak class have been out on their bikes for the past 2 weeks. Learning how to ride their bikes safely on the roads. Our trainer, Nathan, has been in school to teach the children how to wait safely at stop signs, give way and correctly signal to cars on the road.

Then, Nathan took small groups of 6 onto the roads around school to put what they learned into practice. We received wonderful praise from Nathan, who was very impressed with the children's behaviour.

Unfortunately, the weather wasn't very kind to us, so we had to take shelter from the rain!
