

Wednesday 6th May

Maths

Please do the next Basic Skills: Check 7. Make sure you mark your work!

Fluent in 5: Week 5 Day 3.

English

Please log on to <https://www.pobble365.com/expecto-patronum/> or look at the sheet below. How about some Harry Potter themed English today? Please look at the picture and have a go at the following activities:

- Sentence challenge
- Sick sentences

I would then like you to write a descriptive paragraph about the picture. Try to use lots of descriptive and figurate language to describe the scene, the characters and the patronus.

Science

Today I would like you to do some research on a significant person in the world of science...Charles Darwin. I would like you to find out what you can about him, why he is famous, what were his important scientific discoveries and how they impact our world today. There will be a lot to find so if you don't get this finished today don't worry- just complete it when you can! You can present your work how you wish. Remember, we are focusing on 'Evolution and inheritance' in our science. Below I have listed some websites that might help you! Make sure you search on websites for children too.

Extras

- Daily chore
- Write in your diary
- Woodstone Challenge
- READ FOR AT LEAST 20 MINUTES A DAY.
- PE- Joe Wicks/ SSP sports challenge/ Cosmic Yoga.

Would you rather...

Always talk in rhymes or sing instead of speak?

Expecto Patronum!

Sentence challenge!

Can you identify all of the verbs in the following sentences?

Professor Snape flicked his wand and a stream of bright light shone into the night. A bright, white doe appeared in front of him. He smiled as the doe danced across the forest, but began to frown when he saw the Dementor approaching.

Sick sentences!

These sentences are 'sick' and need help to get better. Can you help?

Professor Snape stood in the forest. It was dark. He waved his wand. A bright light came from it.

An example of the start of a descriptive paragraph:

The tall, mysterious figure stood still. All around him, the sounds of the Forbidden Forest came to life: the ear-splitting screech of a bird, the eerie scratching of an unknown creature, the low whispers of the trees. The figure, a man, was dressed in a long dark cloak that reached his calves and had long hair as dark as a raven. In his hand he held a peculiar object- it was a wand. With a slow look around at his surroundings, the man whispered some words that sent a chill through the air. It was as if the whole forest had shuddered and held its breath, waiting for something to happen. And then...

This is just something to get you started- I'm sure you guys can do much better!

Science websites

Hopefully some of these will help you with your Charles Darwin research!

<https://www.sciencekids.co.nz/sciencefacts/scientists/charlesdarwin.html>

<https://www.bbc.co.uk/teach/charles-darwin-evolution-and-the-story-of-our-species/z7rvxyc>

<https://primaryfacts.com/167/charles-darwin-facts/>

<https://www.natgeokids.com/uk/discover/science/general-science/charles-darwin-and-the-mystery-of-life/>

Obviously you can find your own websites too. Just make sure that the information is aimed at children because otherwise the information will be very technical and you may not understand it! Remember you can present your work how you want and if you don't finish it tomorrow don't worry!
