

Planet Mnemonic

Can you write a mnemonic to remember the order of the planets from the sun?

A mnemonic is a tool that helps us remember certain facts or large amounts of information. They can come in the form of a song, rhyme, acronym, image, phrase, or sentence. Mnemonics help us remember facts and are particularly useful when the order of things is important.

You could present your mnemonic as a poster.
Check out some examples below for some inspiration.
