

Spellings & Vocabulary

Each morning, the children will complete activities around the spelling patterns and rules for Year 3, and also learning lots of new vocabulary work as part of our whole class reading.

Year 3 Spring 2 Curriculum Map

Maths

This term we will be covering...

- Fractions
- Mass and capacity

Whole Class Reading

During whole class reading lessons we will explore different genres and answer questions that focus on the different reading skills (VIPERS). These lessons will occur every day.

English

This half term we will be working on a non-chronological report about earthquakes.

PE

This half term we will be playing hockey for our invasion games unit and learning some dance sequences with an Egyptian twist.

Science

This half term our science focus will be 'Plants'. We will learn about the different parts and functions of a plant and what plants need to grow. We will also study the life cycle of flowering plants, including pollination and seed dispersal.

History : we will be studying Ancient Egypt. We will learn about what they believed in, how they farmed and many other interesting facts!

Music: we will be investigating 'Pitch'.

R.E: 'How do festivals and family life show what matters to Jews?'

P.S.H.E.- 'Healthy Lifestyles'. The children will learn about how to maintain a healthy, balanced lifestyle.

French- we will be learning vocabulary and phrases to do with family and friends.

Art- we will explore sculpture by designing and creating our own Ancient Egyptian canopic jar.

Computing- Mrs Edwards will be teaching us all about branching databases in our computing lessons.
