

Day 2 – After a great breakfast we set off for Alum Bay to see the world famous Needles. However, before we descended the 176 steps we all made a special memento of the trip using some of the special sands from the unique rocks in Alum Bay.

OF WIGHT

DAY 2 -2025

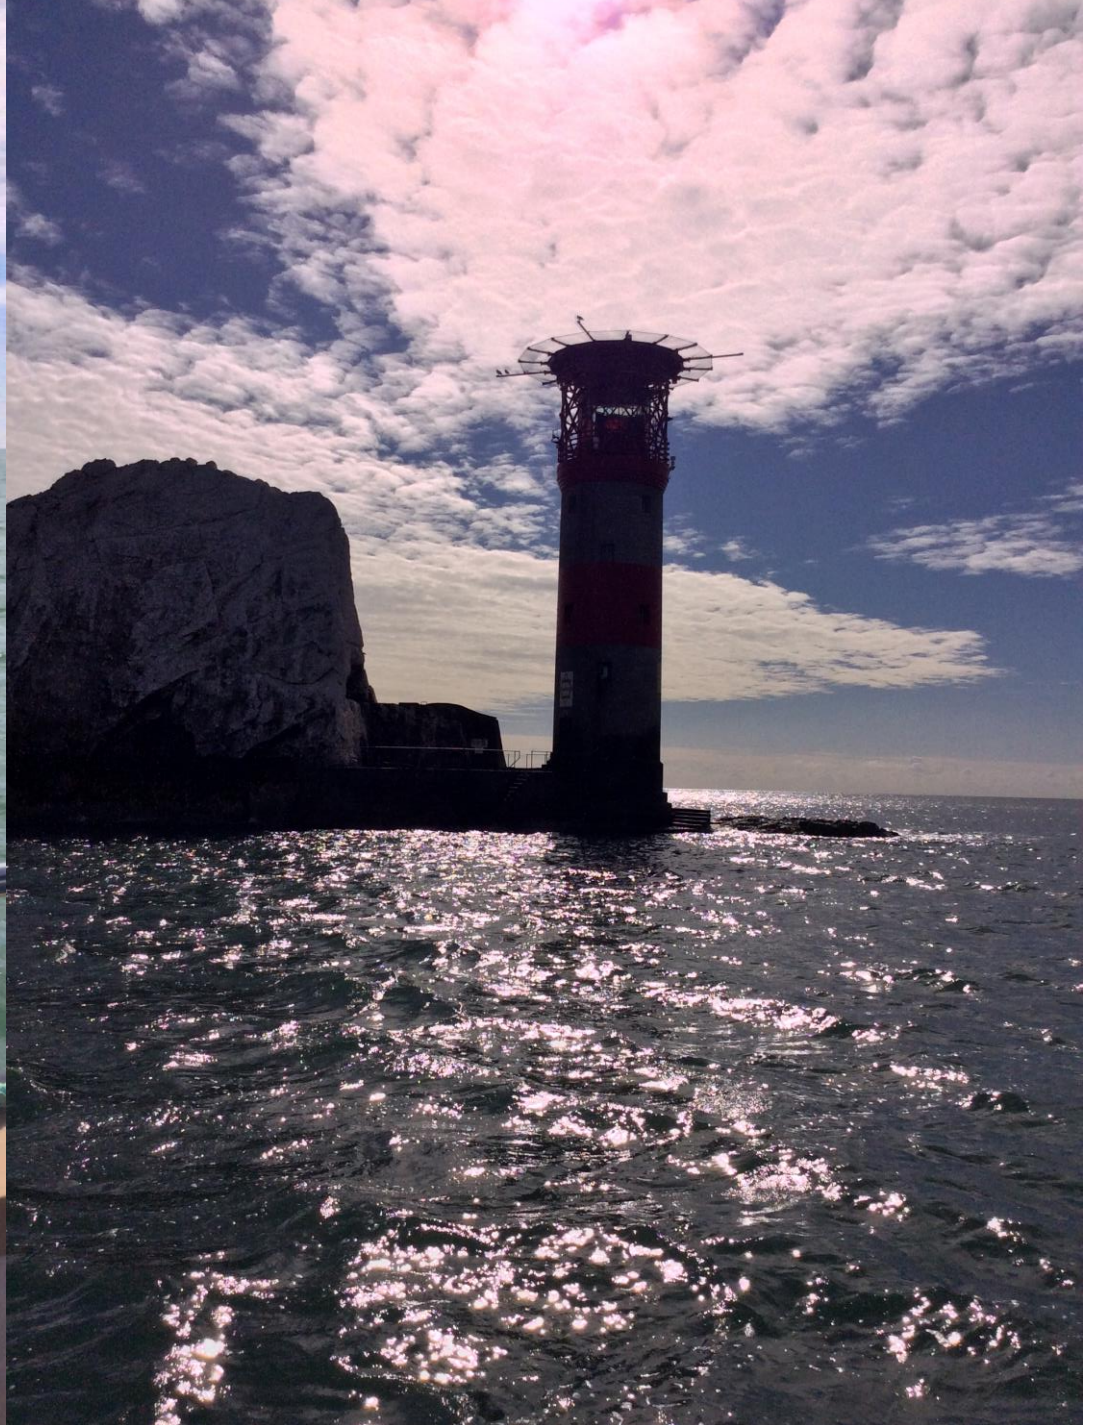

Day 2 – After a great breakfast we set off for Alum Bay to see the world famous Needles. However, before we descended the 176 steps we all made a special memento of the trip using some of the special sands from the unique rocks in Alum Bay.

We then enjoyed a boat trip out to the Needles. These iconic chalk cliffs are very much part of English heritage so it was great that so many of our children got such a close up look.

After this exciting boat trip we headed off for Robinhill – a fabulous theme park in the centre of the island. The children ran, climbed and slid as well as digging on real diggers and zooming down a real toboaggan run! They could not have had a better time. Their faces were a picture!

**In the evening we enjoyed a
great time at Caddy Shack – 18
holes of crazy golf – and believe
me it was craaaazy!**

**Sadly my battery ran out on the
i-pad – photos to follow!**
