

Day 37 - Wednesday 3rd June 2020

Hi FAB 5s! I hope you enjoyed yesterday's work and also had time to relax in the sun. Let's hope it's back with us again soon after some much-needed rain! Here are your tasks and challenges for today so read them carefully and try your best with each one. **Remain a proud learner!**

Subject	Task	
Maths	Summer term, week 4 (w/c 11 th May) Lesson 3 - Converting improper fractions to mixed numbers and vice versa. https://whiterosemaths.com/homelearning/year-5/ Watch the video carefully and then have a go at the attached activities. The answers are there as always.	
English	Complete the attached non-fiction reading comprehension about <i>Brazil</i> . Read it all carefully before you start answering the questions in the answer booklet. The Mark Scheme (correct answers) is attached too so no peeping!!!	
ILP - Time Traveller	Time for developing your creativity talents by making a clockface pizza, cake or biscuits. What ingredients or decorations could you use to represent the numbers and hands? Could you make a digital one instead of an analogue one? How could you represent the numbers this time? Ask an adult to help you so you stay safe. If you can't actually make one today, plan it/draw it so you can have a go at cooking on another day. Remember to save me a bit please!	
Physical	How many playground games do you know that are based on time? (eg What's the time, Mr Wolf?) Play them or make some up of your own. Make a note of any new ones you invent so you can share them with everyone.	Join in with the Joe Wicks 9.00am School Workout on YouTube.
Challenge	Help with jobs around the house. How many brownie points can you earn today?	

Good luck, enjoy and stay safe!
