

Art/D&T

We'll be developing our sketching and watercolour skills whilst creating a piece inspired by L. S. Lowry.

Science

In Science, we'll be learning about Electricity. We'll look at how to accurately draw and build a circuit, we'll also discuss how voltage can affect electrical components.

History

We'll be learning about how Britain changed during the Victorian Period and how the Industrial Revolution affected Britain and our local area.

Music

In this unit, children will be listening to a range of music with varying time signatures.

Maths

In maths, we'll be learning how to multiply and divide fractions, find fractions of an amount and convert units of measurement.

Computing

During our Computing lessons, we'll be continuing to work with spreadsheets and looking at how to create our own blog.

Year 6 Curriculum

Map

Autumn 2

P.E.

In our P.E. lessons, we'll be learning about the benefits of exercise and developing our fitness with circuit training and playing basketball.

R.E.

In our R.E. lessons, we'll look at different religions in the UK and discuss why some people believe in God whilst others choose not to.

English & Reading

This half-term in English, we'll focus on developing our grammatical knowledge and vocabulary whilst learning about persuasive writing and horror stories. We'll also continue to develop our reading comprehension skills by reading and discussing a range of texts.

PSHE/French

In PSHE we'll discuss how we can work together and celebrate diversity. In French we'll be learning how to go shopping in French.
