

### Day 42 - Wednesday 10<sup>th</sup> June 2020

Hi FAB 5s! I hope you had fun in the sun and making your time capsule yesterday. It's not looking quite so summery today! Here are your tasks and challenges for Wednesday so read them carefully and enjoy. **Remain a proud learner!**

Subject	Task	
Maths	Summer term, week 5 (w/c 18 <sup>th</sup> May) <b>Lesson 3 - Add mixed numbers</b> <a href="https://whiterosemaths.com/homelearning/year-5/">https://whiterosemaths.com/homelearning/year-5/</a> Watch the video carefully and then have a go at the activities. Remember to mark your work and identify/correct where you went wrong if any of your answers are not correct. Good luck.	
English	Time to start writing your story. I'd like you to focus on the first three paragraphs. In the first, set the scene by introducing yourself, the time period you're living in and what it's like for a child living then. The second paragraph must include the other children, how you know them, what you get up to, etc. The third paragraph should be about the problem they have and the issues it causes them. Finish the paragraph by acknowledging that you've got to help them, but how? Remember, empathy.	
ILP - Time Traveller	Today I'd like you to design and draw your own time travelling machine! What will it look like? What sort of controls will it have to make it travel? How many people can you get in it? How far can it travel? Can it go forwards and backwards in time and can it be used more than once? Let your imagination run wild!	
Physical	Pick another 'Isolation Games' challenge. Push yourself to get the best score you can.	<b>Remember the Joe Wicks 9.00am School Workout on YouTube.</b>
<b>Challenge</b>	90° wall challenge. Have you been practising? How long can you hold it for today? Can you beat your previous times?	

Good luck, enjoy and stay safe!
