

Tuesday 28<sup>th</sup> April

### Maths

Today I would like you to carry out a maths investigation to solve a mystery! It is the mystery of the mixed up football shirts. There are a variety of problems for you to answer, but each one leads you to a clue to solve the mystery. Read the instructions carefully and see if you can figure it out! If you have any questions ask me on Seesaw. The answers will be attached too!

Fluent in 5: Week 4 Day 2.

### English

Because the maths is quite lengthy, for English I would just like to practise some spellings. Go back to <http://www.ictgames.com/mobilePage/spookySpellings/index.html> which we used last week. Select Year 5&6 and then select **book 2**. Have a practise of these spelling words and then try to put as many of these 10 words into a paragraph as you can. It can be a silly paragraph so be as creative as you want!

### Computing

I'd like you to use Scratch today to practise some computing skills. You have all used this before so hopefully will remember what to do! Go to <https://scratch.mit.edu/> and then click 'start creating'. At the top on the blue bar it should say 'Tutorials'. Pick which one you like the sound of, maybe 'Code a Cartoon' or 'Make Music', and then a video should appear telling you how to make that programme! Have a play and Scratch and see what you can come up with. I don't mind which programme you want to create!

### Extras

Don't forget to do your daily chore to help your family out!

Try to keep up with your diary about your time in lockdown 2020!

Carry on doing the Woodstone Challenge if you haven't completed it.

REMEMBER TO READ FOR AT LEAST 20 MINUTES A DAY, preferably to an adult. The details for Accelerated Reader are on the school website so you can do quizzes still.

Continue with whichever PE activity you enjoy doing each day.
